

Revised Data Sets Processed by the WOUDC in 1998

Summary

Only total ozone data were submitted during 1998 as revised data sets. These data were published in a Special Edition of the *Ozone Data for the World - Revised Data for 1997 and 1998*.

Total Ozone

Several large data sets were received by the WOUDC in late 1997, but the data were not processed until 1998. These data (indicated by an asterisks (*)) have been included in this summary and also appear in the special edition of *Ozone Data for the World - Revised Data for 1998*.

Summary Table of Revised Total Ozone Data Sets - 1998

Station #	Station Name	Country	Temporal Range
67	Boulder *	USA	1966-09-19 to 1994-04-30
111	Amundsen-Scott*	Antarctica (USA)	1963-12-04 to 1994-07-31
200	Cachoeira Paulista	Brazil	1974-05-08 to 1995-05-31
209	Kunming	China	1980-01-01 to 1991-12-31
219	Natal	Brazil	1987-10-01 to 1994-05-31
261	Thessaloniki +	Greece	1985-03-01 to 1996-05-31
282	Kislovodsk +	Russia	1989-03-01 to 1996-08-31

+ Indicates Brewer spectrophotometer data. All other data are from Dobson instruments.

*These data were submitted in 1997, but not processed until 1998.
